Re: Letter of Recommendation

To Whom It May Concern:

ABC Security has made significant contributions to the Aviation Security Program at the Oakland International Airport. Regularly, the company's guards have provided noteworthy customer service under very stressful conditions. Also, the guard's uniform appearance is neat and exemplary. We hold ABC Security Services, Inc in such regards that we regularly share sensitive security information with its' leadership.

With out hesitation, we consider ABC Security to be a reliable security partner.

Sincerely,

Cedric B. Johnson, CPP
Aviation Security Manager
